

## March 22 – Day of Worldwide Solidarity and Prayer

### English Province

In the English Province we decided that we would follow the model proposed by Rome with the communities deciding on their own timings and content. In York we were fortunate in being able to access the on-line 10.30 Mass from English Martyrs Church. We used the wide screen t St Bede's so that we could socially distance ourselves and will continue this every Sunday. In the afternoon, after a communal prayer we took it in turn to pray in silence in front of the Blessed Sacrament (see photo). We reassembled as a community at 6.00pm to say together the prayers that had been provided and to have our own Eucharistic Service. It was a moving time of hope and joy.
