

“On the Day of Solidarity and Prayer on 22 March 2020”
(Korean Province)

Despite great efforts to prevent from uncontrollable spreading of Covid19, the situation has been getting much worse and worse and on February 23 the national disaster alert was announced to the highest level.

In order to overcome this horrible situation wisely all the Korean religious were requested to pray with the special intention by the Association of Major Superiors of Women Religious in Korea.

So all the members of the Korean province are praying every day with the prayer sent by AMSWR since the last Ash Wednesday.

On 22 March we had adoration of the Blessed Sacrament for the solidarity and prayer of women religious all over the world. We also said Rosary together according to the request of AMSWR in Korea at this point.

Remembering the infected victims, the medical staff, the dead and the bereaved families, the poor and marginalized neighbors who are in greater danger in this situation, we prayed together with the whole congregation, asking for God's mercy and special protection.
