

### **Slovak Province participated on prayers**

On 22nd March 2020 in a day of solidarity and prayer in face on the current crisis /the spreading of coronavirus/ the whole Slovak Province Congregatio Jesu joint on this intention. Each community from Slovakia, Czech Republic, Ukraine and Russia participated on prayers in various ways. Mostly the communities had together prayers in front of exposed Blessed Sacrament, some of them added the prayers of the Cross prayer, rosary or other kinds of prayers.

Each Sister of Slovak province asked our God to finish the spreading of coronavirus in all over the world. We prayed for people who are affected by the new virus to heal. We asked also for doctors, nurses, soldiers, police offices, politicians, volunteers and all people who participate on managing this situation to have strength, patience and courage in this difficult time.
